Heritage Board Changes Date

PLACENTIA — A change in meeting dates of the Heritage Festival Days board, to the first Thursday of each month starting in July, was announced this week by board president Marv Reid.

The June meeting, however, will hold session on the usual second Wednesday of the month and will convene June 14 at 8 p.m. in the Backs Community Building, Reid said.

Accepted was the resignation of Walt Plegel, a fourth generation Californian who was serving as vice president of the group's board of directors. The office will be filled at the group's next meeting.

Placentia Rotary Club firmed their plans to hold a Rotary-Festival Queen Contest in connection with the annual event and said that the Queen and her attendants also would ride the Rotary float in the parade, Howard E. Mead, Rotary representative confirmed.

Additional plans for the annual picnic-in-the-park and other major events were discussed by the group including the second annual beard and mustache growing contest and possible events for teenagers, including a battle of the bands and a teen-age dance.

Other items discussed included a demonstration of cable television (also presented last year); a program of square dancing; a fiddle and banjo contest; a presentation of barbershop quartets; a band concert; and an exhibit of heritage artifacts and collection, including the museum of George Key, well-known local historian, who participated in last year's festival and presented a very popular exhibit.

Trustee Election Set For August 8 By PUSD Board

One seat, that vacated by Howard Herbert last week, will run for one year, expiring on June 30, 1973 while the seat held by Mrs. Bernard Beckius runs another

three years, expiring on June 30, 1975.

Herbert's resignation from the board was accepted at a special meeting Thursday effective on or before August 7. He accepted a promotion as marketing supervisor for the Bell System in New York effective Monday.

Nomination petitions are now available from the county Registrar of Voters and must be filed by June 15.

Increment Granted Teachers In District

PLACENTIA — The Placentia Unified School District Board of Trustees unanimously approved the granting of a full increment to teachers and classified employees following a four hour session before a standing room only audience at Fairmont Elementary School last week.

The board approved a formula whereby three-quarters of the increment would be restored immediately and the employee organizations would have the option of utilizing the other one-fourth increment to make a full increment or to give a small across-the-board salary schedule increase.

Both the teachers and classified employees organizations voted to take the full increment raise.

The increment is a length of service raise built into the salary schedule.

The board had not given the teachers an increment for this year last July because of budgetary problems, saying that if additional money became available they would restore the increment.

The increment increase will appear on classified pay checks on July 3 and on certificated checks July 10 because of the lead time needed to process the changes.

Salary negotiations for next year between the board and employee organizations have now

begun with the Certificated Employees Council asking for a 5.5 percent cost-of-living increase in the salary schedule and the classified employees seeking a 7.6 percent increase and an additional \$200 in fringe benefits.

Both groups are also recommending a January to January salary schedule beginning in 1973. In addition they recommend maintenance of salary increments and moveups already in the budget. The Certificated Employees Council has also proposed institution of a merit system of pay in addition to the regular salary schedule pending a study to determine feasibility.

The Board of Education decided by consensus that it would retain the present pupil-teacher ratio and length of school day and will use another \$150,000 from the undistributed reserve for this purpose.

Further information on the course and possible dates is now attainable from the parks and recreation department at 993-0930, Samp outlined.

Board Promotes Tansey Administrative Assistant

PLACENTIA — Dr. David Tansey has been given the special assignment as an administrative assistant to the superintendent of the Placentia Unified School District.

Dr. Tansey will assume his new duties July 1. He is being reassigned from his principalship at Valencia High School, a post he has held for nine years.

In his new assignment, Dr. Tansey will be responsible for planning, coordinating and directing the master plan of school sites and construction of the district.

Troy Finishes Tennis Season With Losses

The Troy Warriors closed out a fairly successful tennis season on a disappointing note Friday, dropping a 17½ to 10½ decision to Fullerton on the Warriors' courts. The loss put Troy's final league mark at 9-5, good enough for third place. They were 15 and 6 overall.

Earl Lund and Charlie Hobson closed out their careers with three points a piece in singles but the doubles teams of John Simmons and Steve Murray and Erik Young and Chuck McCluskey could only manage 4½ out of 12 points.

On Tuesday, the Warriors came within a point of upsetting League Champion Sunny Hills but finally succumbed 14½ to 13½. Troy's strength came in singles where, for the first time, Coach Norm Davis stacked his top four players. Lund and Simmons swept all four of their sets while Hobson picked up three and Chuck McCluskey added one.

On Saturday, in League finals competition, Hobson advanced to the quarter-finals before losing to Gary Hupp of Sunny Hills while Lund and Simmons met Dan Walker and Scott Penner, also of Sunny Hills in the doubles finals.

Madau, Welch In CIF Meet

Tony Madau and Randy Welch will advance to the CIF track semi-finals Saturday, as they managed to get past some very tough competition in the prelims held last Saturday night.

Madau qualified in the high jump, as he made it in on a jump of 6'3", a jump that is four and a half inches off his best this year. Welch advanced on the basis of his mark of 13'6" in the pole vault.

Although they were the only two Hawks to qualify, they were not alone in the prelims as several other Hawks competed. Bobby Johns and Pat Dutzi ran the 880 and mile respectively,

while Mark Davenport competed in the shot put. The Hawks also had a mile relay team in the prelims.

Physician Prescribes Manipulation For Low Back Pain

The above headline is from a column by Ben Zinser, medical science editor of the Long Beach, California, daily newspaper.

Of course, the concept that those who suffer low back pain can be helped by manipulative therapy is nothing new to the Doctor of Chiropractic.

DR. BURPEE But we asked Dr. Andrew Burpee of the Burpee Chiropractic Clinic if he was aware of the report.

"Yes," indeed, I am familiar with the report Mr. Zinser refers to," said Dr. Burpee. "I had already seen a similar story in an L.A. paper."

As a matter of fact, consider these comments made by a world-renowned orthopedic specialist as reported recently in a major newspaper.

Their headline read: Spine Manipulation for Back Pain Urged.

It's a crying shame that more physicians are not interested in manipulation of the spinal cord to solve backache problems because that technique, properly done, could save an awful lot of surgery bills, a noted British orthopedic surgeon told the California Medical Association.

Dr. Henry Cyriax was invited to address the CMA's 100th annual scientific session because he has the reputation of being one of the world's leading authorities on backache.

Dr. Cyriax told a press conference that doctors has pretty much ignored his 40

years of preaching about the value of manipulation.

Respectable orthopedic surgeons avoid back manipulation like a case of leprosy, he said, and in Great Britain it's barely mentioned in medical schools.

Yet, Dr. Cyriax said, his experience based on more than 40,000 backache cases has shown that 1 percent or fewer need surgery.

He said the only justification for surgery is incurable pain.

"Many are operated on because the surgeon thinks the pain is incurable, but the fact is that 9 out of 10 getting it don't need surgery," he said. He added that in the United States, where operations of most kinds are more common than in Britain, the incidence of unnecessary back surgery is even higher.

During the press conference, Dr. Cyriax described manipulation as the use of the hands by a doctor. "Manipulation is not new but it is just not being used by medical doctors," he said.

He also added that backache is the commonest cause of job absence among healthy men in England.

If you suffer from a similar condition, call for Chiropractic information, 639-0111, Dr. Andrew N. Burpee, D.C., 245 N. Glassell, Orange.

Display To Feature Art By Mrs. Finnell

The work of Placentia resident Helen Finnell is highlighted in a one-woman show at El Dorado High School in Placentia.

Although Mrs. Finnell has been painting for many years, she is just beginning to show her work publicly and the El Dorado show is her first major one, according to Margaret Cannon, El Dorado art teacher.

Her work is mostly in oils but the exhibit includes a few paintings in acrylics and a wood collage.

"I'm not interested in painting what can be done better with a camera," she said, explaining that she "strives for a subjective quality in my work."

She came to Placentia in 1964, took art classes for several years and has since worked to develop her own styles and techniques.

Her work will be on display in the El Dorado Art Gallery in the campus administration building throughout the month of May. Another local artist will be featured in the school's Artist-of-the-Month series in June.

Mrs. John Middleton of Yorba Linda, a member of the Yorba Linda Woman's Club, received honors from the State Federation when she was awarded a certificate for her outstanding work as coordinator, which includes keeping close attachment with the Junior Women's Clubs of Area D, to which section Yorba Linda belongs.

On March 4, the Bagley Bill became law in California, having been signed by Governor Reagan. Although busing is not mentioned in the bill, busing is the only means to achieve racial balance according to opponents of the law.

Students Beautify Campus

A group of El Dorado students took positive action to beautify part of the campus last week.

Marilyn Williams and Bonnie Storll, both juniors, planted flowers and shrubs in an empty school planter by the art building. Students supplied the plants, tools and labor.

Assisting them were Derek Anderson, Terry Keeling and several other interested students.

Career Guide Is Offered At Troy

Approximately 1,200 students out of 1,500 queried recently in California by the Priority Counseling Survey indicated that they did not know their strongest abilities, had only a vague notion of career possibilities and expressed a need for help in career planning.

Now Troy High School instructors Joan Kosuth and Jerry Miltenberger have co-authored a career guide in an effort to remedy this situation.

Titled "Teaching for Career Decision-Making," this instructional manual is written for teachers and administrators and outlines a procedure for organizing a career development program.

The last section of the manual provides a guide for the creation and implementation of a Career Development Center. Included is a rationale for developing such a center, information concerning the nature of specific occupations and a floor plan layout with an itemized

budget of needed material and equipment.

Mrs. Kosuth and Miltenberger have based the material presented in this manual on the experience and knowledge gained at the model career center developed at Troy High School.

Kent Howard, assistant administrator of Esperanza Intercommunity Hospital in Yorba Linda leads a group on a tour of the hospital, which is now scheduled to open on July 10.

Luncheon Is Held For Esperanza Staff

Bare walls, uncurtained windows and the sound of workmen getting the Esperanza Intercommunity Hospital ready for occupancy and grand opening on July 10 was the scene that greeted the staff members of doctors' offices and doctors when they were invited to lunch at the facility Wednesday in observance of national Hospital week.

The event was presided over by Administrator Harry Stewart, of Fullerton Community Hospital, who will be administrator of the Intercommunity Hospital with Kent Howard as assistant.

Members of the Lay Committee, who have guided the working arrangements of the hospital for the past three years, were present and introduced. Present, also, were members of the news media of the area.

Members of the Esperanza Hospital Auxiliary with Mrs. Marta Anderson, president, were present and acted as hostesses. Tours of about 25 persons at a time walked the corridors, and could visualize just what would prevail when all equipment is in place. The luncheon was the work of the Fullerton Community Hospital staff.

Shavuot, Confirmation To Be Held At Tikvah

Temple Beth Tikvah of Fullerton will celebrate Shavuot with a family service on May 19 at 8:15 p.m. and will hold confirmation ceremonies for 16 young people Saturday, May 20, at 2 p.m. at the temple.

Shavuot was originally a Jewish harvest festival. After the fall of Jerusalem it became the holiday celebrating the giving of the law at Mount Sinai.

During the past century and a half, the confirmation ceremony marking the conclusion of the official

education of young people has been combined with Shavuot.

Those being confirmed include Vicki Adoff of Placentia; Deborah Goffin and Karen Kravitz of Yorba Linda; Janet Blake and Jeanne Swack of Brea; Deborah Feinberg, Laurie Markowitz, Linda Kaufman, Gail Tobin, Cheryl Eichen, Sharon Socol, Larry Brown and David Schrimmer of Fullerton; Mark Block of Santa Ana and Bruce Falk and Ronald Hartman of Anaheim.

Registrations At Pre-School Now Open

The Placentia Community Nursery School is now accepting registration for the fall term. The school held at the Presbyterian Church in Placentia is licensed by the state and operated by two teachers and the parents.

Because of parent participation, the cost of providing pre-school experience for your child is reasonable. Two day sessions for 3-year-olds are held on Monday and Tuesday at \$10 per month.

Three day sessions for 4-year-olds are held on Wednesday, Thursday and Friday at \$15 per month. Sessions are held from 9 to 11:30 a.m.

The cooperative nursery school offers a wide variety of play equipment, expressive materials and learning experiences not available at home.

Information concerning enrollment may be obtained by contacting the membership chairman Carol Ehrich at 528-8398.

Letter

Brookhaven Program Has Difficulties

To the Editor:

Brookhaven School has been in existence for several years now. When it opened, there was much promise of the wonderful things it would do for our children. The children would proceed at their own speed and work at different levels of competence in different subjects, with no set level to hold them back. We were assured the open classroom concept would not lead to discipline problems. No child would be left behind.

I feel that this promise has not come to pass and that although the brighter than average children are doing well, many of the average and below average children are not.

This year, several dedicated teachers are leaving. Some of these teachers are unwilling to teach in the open classrooms where concentration is a problem for the child and discipline a problem for the teacher. These teachers are in favor of collapsible walls so that the advantages of both team teaching and the contained classroom can be fully realized.

Brookhaven is an experimental school and I believe it is time that there was an outside evaluation of it to see if it is fulfilling its promise to be an exceptional school for all the children, regardless of their level of intelligence. This evaluation would also determine if adding collapsible walls would upgrade the learning process.

NAME WITHHELD

Assemblyman John V. Briggs, center, presents flag which has flown over the state capitol to the Placentia Teen Age Republican Group. Accepting the flag are, from left, Wayne Helander, Elise Scanlin, Placentia TARS president; Bob Howe, all of Valencia High School; and Bill Schoolcraft of El Dorado High School.

Swimming Program Schedule Is Compiled

The Placentia Recreation and Parks Department summer swimming program will begin June 19 with swimming lessons, life saving classes, diving instruction, synchronized swimming, water polo instruction, a novice swim team and scuba instruction. Swimming programs will be held at both the Valencia and El Dorado High School

pools continuing through September 4.

A total of five two-week sessions will be conducted for tiny tots, beginners, intermediates, swimmers and life saving instruction. Three sessions of scuba classes will be conducted. Diving, synchronized swimming, novice swim team and water polo programs will continue throughout the summer.

Free recreational swimming will be offered at both swimming pools on a daily basis afternoons and evenings. Recreational swimming will also be offered on Saturdays and Sundays at both pools.

Registration for all swimming programs will begin Tuesday, May 30, at the recreation and parks office, 117 N. Main St. A complete swimming brochure will be distributed throughout the city of Placentia. For more information, call the recreation and parks office 993-0930.

Dinner Is Scheduled

The Friends of the Yorba Linda District Library will hold a potluck dinner at the home of Mr. and Mrs. Richard Carlson, 4402 Dorthea Street, Yorba Linda, at 6 p.m. on Saturday, June 3. This event will culminate the current club year.

Members planning to attend may call the hospitality chairman, Mrs. Arol Younger, at 528-7143.
